THE WESTFIELD HIGH

H SCHOOL

FOREWORD

Many people fail to realize how greatly a philosophy is involved in education. Our school philosophy aims for the fullest development of the individual "physically, mentally, and spiritually." In this, our yearbook, we, the Class of 1959, endeavor to show you how this philosophy makes Westfield High School what it is.

LOUISE H. THEURER

"A teacher affects eternity; he can never tell where his influence will stop."

—Henry Adams

This thought, so appropriate to you, is in our minds as we, the Class of 1959, dedicate our **Weather Vane Annual** to you, Miss Theurer.

As sophomores, we came to know you in various ways. For some, you were the understanding English teacher who helped ease the difficult transition from junior high to senior high life. For others, you were the dynamic German teacher, whose enthusiasm for this language was contagious. Those whom you had not taught soon came to know you as the omnipresent thwarter of the hallway dash, the opponent of lateness, upholder of discipline, and the subject of favorable comments from their friends.

In our junior year, we teamed with you in meeting our responsibilities as a class. Our junior activities were highlighted by the Prom, which afforded many of us the opportunity of getting to know you better. As we fulfilled our obligations to the school, you reminded us of our obligations to ourselves and thus guided us through a trying year.

In our senior year, we lamented our "buddy's" exuberance on the volley ball court. But the cast was not a hindrance to your spirit. (It would take a great deal more than plaster to affect that!) You perched on the desk, led those resounding German pronunciation drills, stood squarely in the center of the hall, and made side-splitting remarks as always.

As seniors, we became aware of the present and its opportunities. We realized the future and its promises. Now we are led on by far-reaching hopes and high ideals. And in our strivings, we shall think often of one whose life is a constant reflection of her character—one who believes in laughter, love, faith, and learning. We shall think of you.

Have cast; will travel.

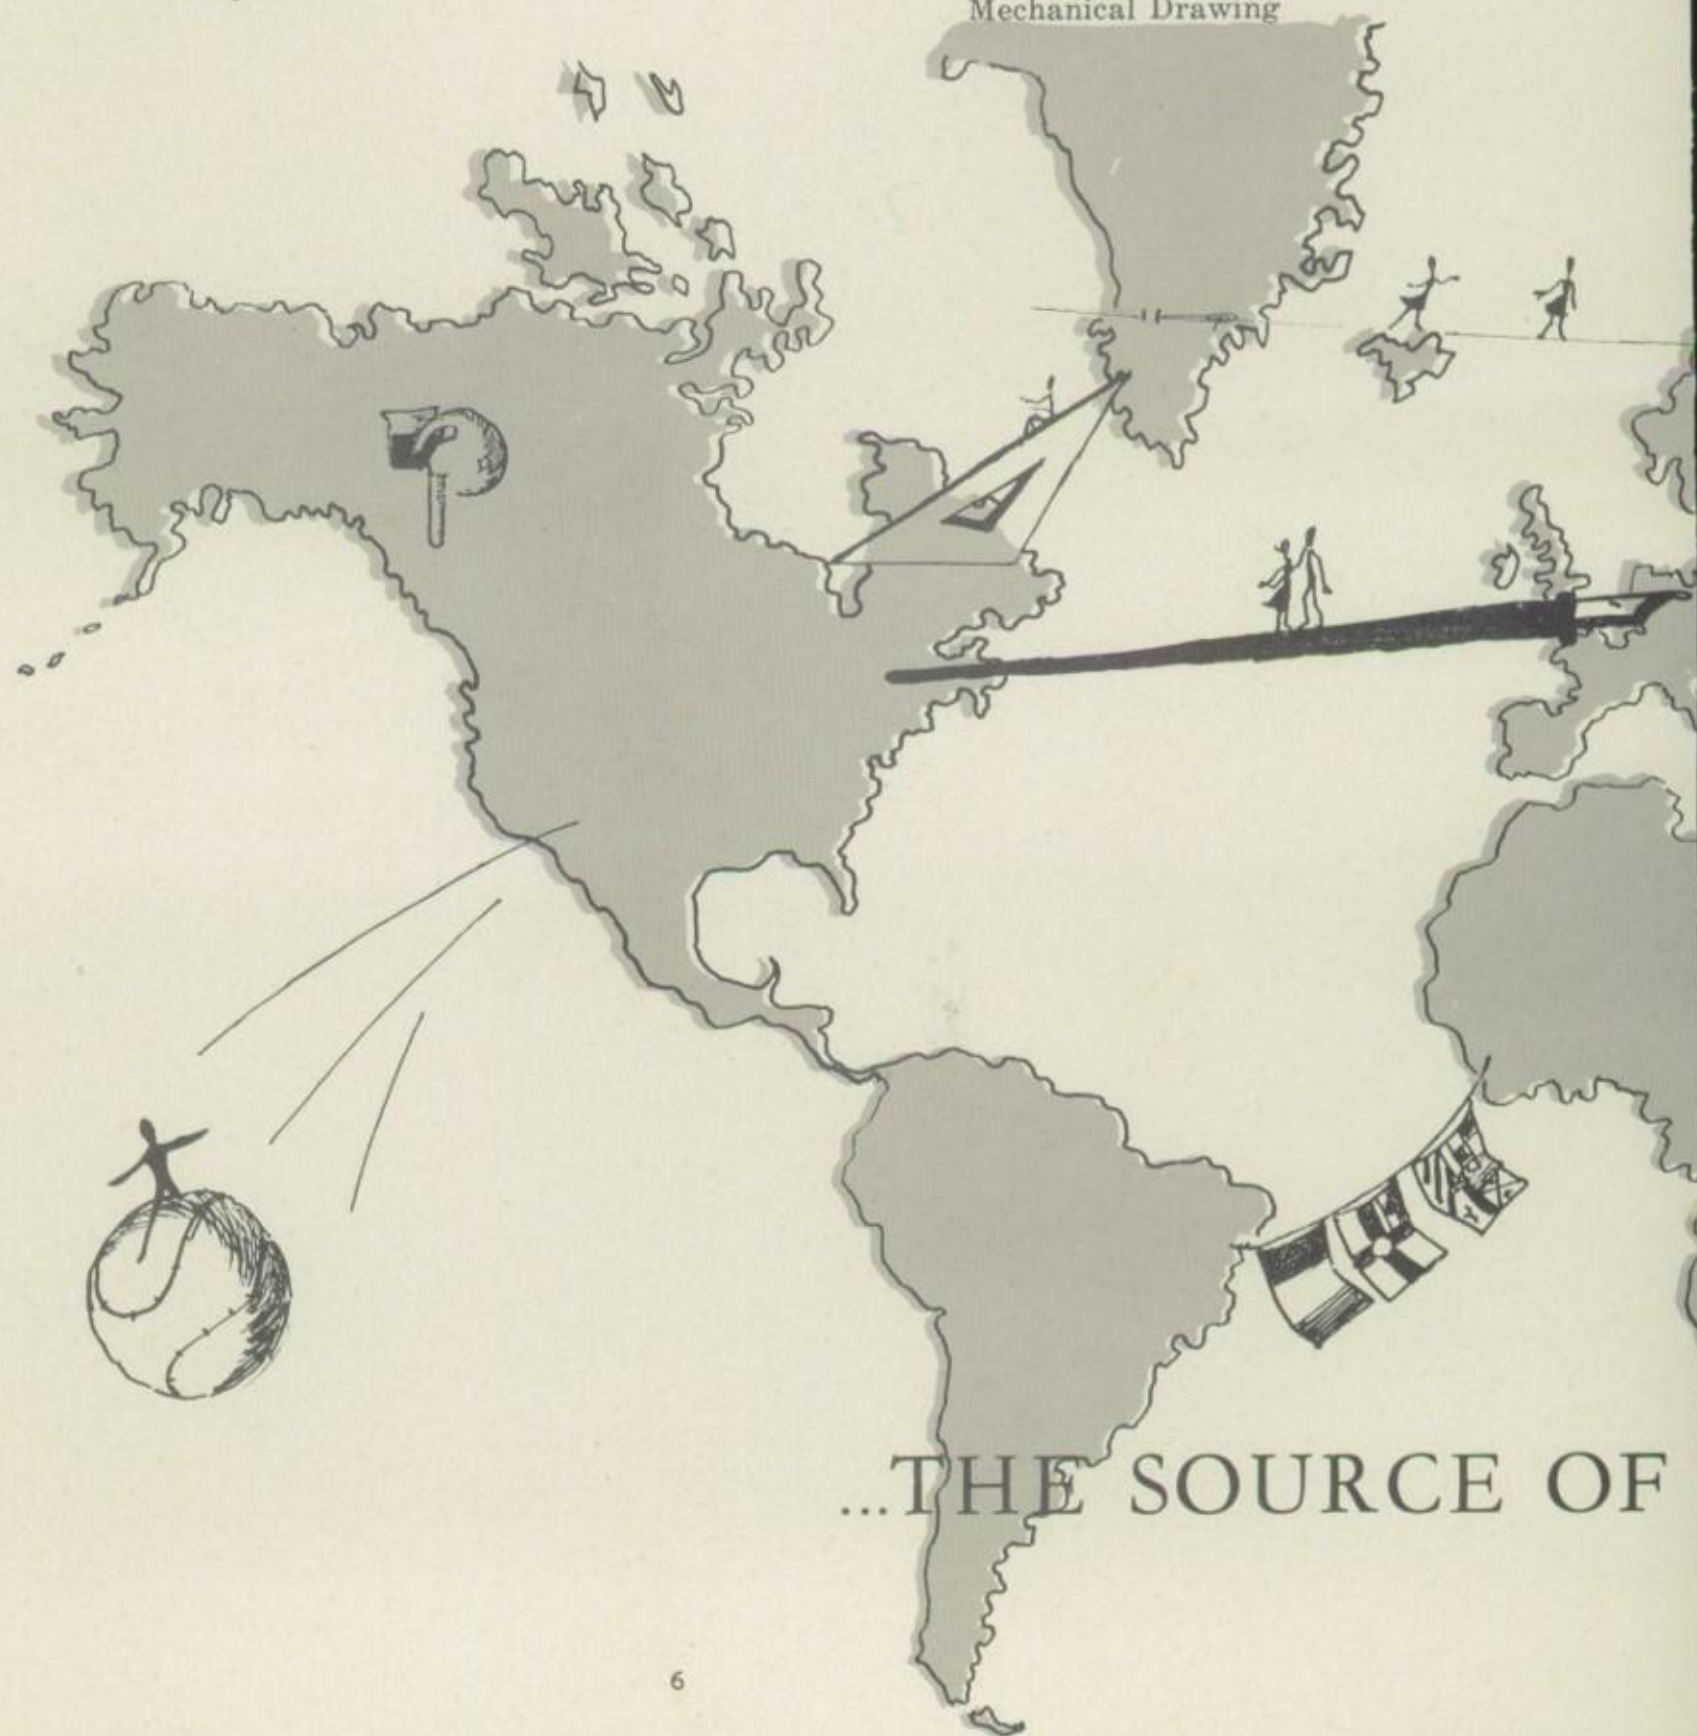

Miss Theurer discussing Junior Prom plans with Brina and Bill.

FOOTBALL

Playing one of the toughest schedules in the school's history, the Blue Devils rolled up an impressive record against opponents that included three state sectional champs. In the opener at Ferris, Westfield, led by speedster Dan Pearce and co-captain Herm Fisher, splashed through the mud to a 33-6 victory. The following week we were unable to contain Rahway's all-state fullback, Joe Williams. In the third contest the Devils came back with a 20-6 win over Roselle.

Meeting undefeated Roselle Park in the next game Westfield dropped a heartbreaker 14-7. We then traveled to Columbia in a driving rainstorm only to be handed our third defeat. Strong team play prevailed as the Blue Devils came back to trounce a powerful Bound Brook team 33-15, eliminating

five of their starting eleven from their lineup for the rest of the season. The Devils continued to roll the next week, downing Springfield 33-20 behind the spectacular running of junior wingback, Bob Wolfgang. A strong North Plainfield team then upset the Devil bid for a winning season, 21-0.

On Thanksgiving Day, playing our finest defensive game for the season, Westfield held the state champion Plainfield Cardinals 21-0. Despite the fine efforts of co-captain Dwight Stern, converted to fullback for the game, the Blue Devils, could not mount an offensive against the Plainfield line, which out-weighed us 15 pounds per man. Coach Zorge is looking for great things next year with 14 lettermen returning.

CROSS COUNTRY

The W. H. S. cross country team this year won 8 and lost 2 meets in dual competition. The Harriers went into the Union County Conference Championships with a 3-0 record and placed fourth among 12 teams entered. Plainfield High, defending state champion, won, while Holy Trinity placed second and Union third. On November 17 the team placed thirteenth in the state, running against Group IV competition for the first time. Losses to powerful Columbia (34-21) and Union (29-26) teams were the only blemishes on the year's record.

BASKETBALL

Westfield's basketball team was something the school will never forget. Facing some of the toughest teams in the state, it steam rolled to 24 wins, including its first Union County title, while dropping only three. As a clutch team it was unequalled, winning two games in the last ten seconds and two others in overtime.

The Quintet crushed its first four opponents by a margin of 83 points. The under-rated Scotch Plains upset the high riding Devils 70-78. We proceeded, however, to roll over our next seven opponents, including 80-77 overtime conquest of Linden. In this game Ken Hite poured through 28 points.

This brought us into the first of three meetings with Cranford with a 11-1 record. In pre-season predictions Cranford had been rated the top team in the county; we proved otherwise. After the Cranford game we continued our winning ways in four more games, including an overtime decision over Union 65-64 and a squeaker against Milburn 56-54. This brought us into the second Cranford contest. Unfortunately when the final gun sounded, we were on the short end of a 74-49 score. The team then closed out the regular season with wins over Somerville and Roselle.

And so we entered the County tournament with an 18-2 mark. Seeded first for the first time in its history, the team began its march to the top with a runaway victory over Edison Tech 59-41. Ray Bailey hit for 20 points in his best performance of the year. Next we met a team we had beaten twice during the regular season, Springfield Regional. They, too, fell before the powerful Laymen 71-66.

Then came the game with Scotch Plains, the team which had beaten us earlier. Although both teams were off, we posted a decisive 43-31 victory to reach the finals.

Our opponent was the Cranford team which was favored to take the title. But the Devils led throughout the game for a 54-46 victory and the County Championship.

In the state tournament we reached the Group IV Sectional finals before being upset by the Cinderella team of the tournament, Weequahic.

In post season polls Capt. Ken Hite was selected for All County team and the third Group Four, All State team. Bob Haines was selected for All County second team, and Tom Gilson and Ray Bailey received All County honorable mention.

SWIMMING

For the second year in a row, Coach Kursar's pool-less wonders completed the swimming season without encountering defeat and stretched their dual meet record to thirty-five consecutive wins. To add to this year's spotless record of 12-0, the Blue Devil swimmers, under the captaincy of Buddy Krebs, went on to capture the Union County Championship for the third consecutive year. Then, before a spirited Westfield cheering section, the team successfully defended its title in the New Jersey State Swimming Championship in beautiful Dillon Pool at Princeton University. In spite of strong opposition from Columbia, Seton Hall, and Trenton, the boys brought home the trophy for the second consecutive year, setting two new records. Steve Minkel shattered the 100

yard breastroke mark and then joined Bob Coords, Robin Harris, and Tom Lightbown to form the champion medley relay team, which also lowered the previous State Record.

Despite the loss of eight lettermen last year, this year's squad remained particularly strong, and it was teamwork that made the undefeated season possible. Coords, Harris, Krebs, Marshall, Minkel, Nichols, Smart, and Weinmann constantly scored toward the team victories.

Over the years, the people of Westfield have become more and more swimming-minded. They have reason to be proud of the Westfield High swimming team. And, perhaps, some day they will help provide a pool for our mermen.

"Uncle Joey's Prize"

The year 1959 beheld the first varsity wrestling team in Westfield High since 1943. In spite of their inexperience the Blue Devil matmen came through in a fine winning style. They overcame such school rivals as Cranford, Plainfield, Scotch Plains, and Jefferson to post a 7-3 record. Even though this season must be considered a success, the prospects for next year are even brighter. Although the team will lose senior lettermen Ken Simms, Captain Jack Fish, Bill Phelps, Dave Zaparanick, Rich Bales and Dave Martin, coach Kehler will have a strong crop of returning lettermen in Chuck Wistar, Dennis Powers, Ron Vigilanti, Bob Muller, Bob Maltbie, Jerry Luebek, and Gene Barron. With a year of varsity wrestling behind them, Westfield's team should be ready to take its place among the powers of the county.

BASEBALL

This year's diamond aggregation, under the tutelage of Coach Lay, hopes to better last year's 8-7 mark. Experience will be one factor in the Blue Devils' favor. Besides having eight returning lettermen, they have a splendid crop of players coming up from the J.V.s. Captain and catcher, Jeff Torborg, will be on the receiving end of some fine pitching this season. Last year's mound mates, George Webster and Brian Pattyson, will be amply supported by some fresh J.V. talent in the form of Smitty Lanning.

Coach Lay will be counting on some fat batting averages from his leading candidates for the outfield, Charlie Cline and Reed Littlefield. The Westfield contingent will be facing a sixteen game schedule this year with the biggest game against Rahway, last year's state champions. We shall compete again in the county tournament.

Captains Torborg and Pearce.

TRACK

Although the 1959 track team cannot improve on the 8-0 dual meet record of last year, it hopes to become a more serious contender in county and state championship events. Despite the loss of two of 1958 scorers, Captain Dave Leitz, a pole-vaulter and shot-putter, and Jim Yockel, a record-holding hurdler, the present squad may prove to be a stronger one.

The nucleus for 1959 will probably include Captain Dan Pearce, the team's number-one winner as a 100-yard and 220-yard man; Nick Baily, a dark horse who runs in Pearce's shadow; Jim Heatly, victor in dual quarter-mile competition; Jim Jones, versatile trackman who competes in the hurdles, high jump, and broad jump; high jumpers Jim Mowry and John Keairnes, and an army of milers and half-milers led by Ed Ayres. Bob Duncan, son of Coach Duncan, may help to take up slack left by Leitz in the shot, while Rich Roemmele should prove an able discus thrower. Although Westfield will not be overpowering in the field, the team expects to dominate the running events.

Yockel, J. Wilkenson, B. Brouillard, Mr. Duncan. Row Three: J. Jones, R. Roemmele, F. Schmidt, R. Binkley, B. Hall, B. Lane, R. Muller.

GOLF

W.H.S. golf teams have been consistent winners for years. This is largely due to Westfield's enthusiasm for golf, as proven by our large squad, many of whom belong to Echo Lake Country Club, where the team plays its home matches. Under Coach John Lay, John Guthrie, Jay Pierson, Frank Bell, Ed Torgerson, George Rochat, and Doug Eaton piled up a 15-0 record last year. The team placed second in the county and ninth in the state. This year, under new coach Gary Kehler, Doug Eaton, Larry MacBean, Dave Zaparanick, and Bailey Small will form the nucleus for W.H.S.'s hopes.

Row One: D. Zaparanick, B. Phelps, F. Craver, L. Wiegman. Row Two: R. Daniels, T. Lightbown. Absent: D. Eaton, Coach Kehler, L. MacBean, B. Small.

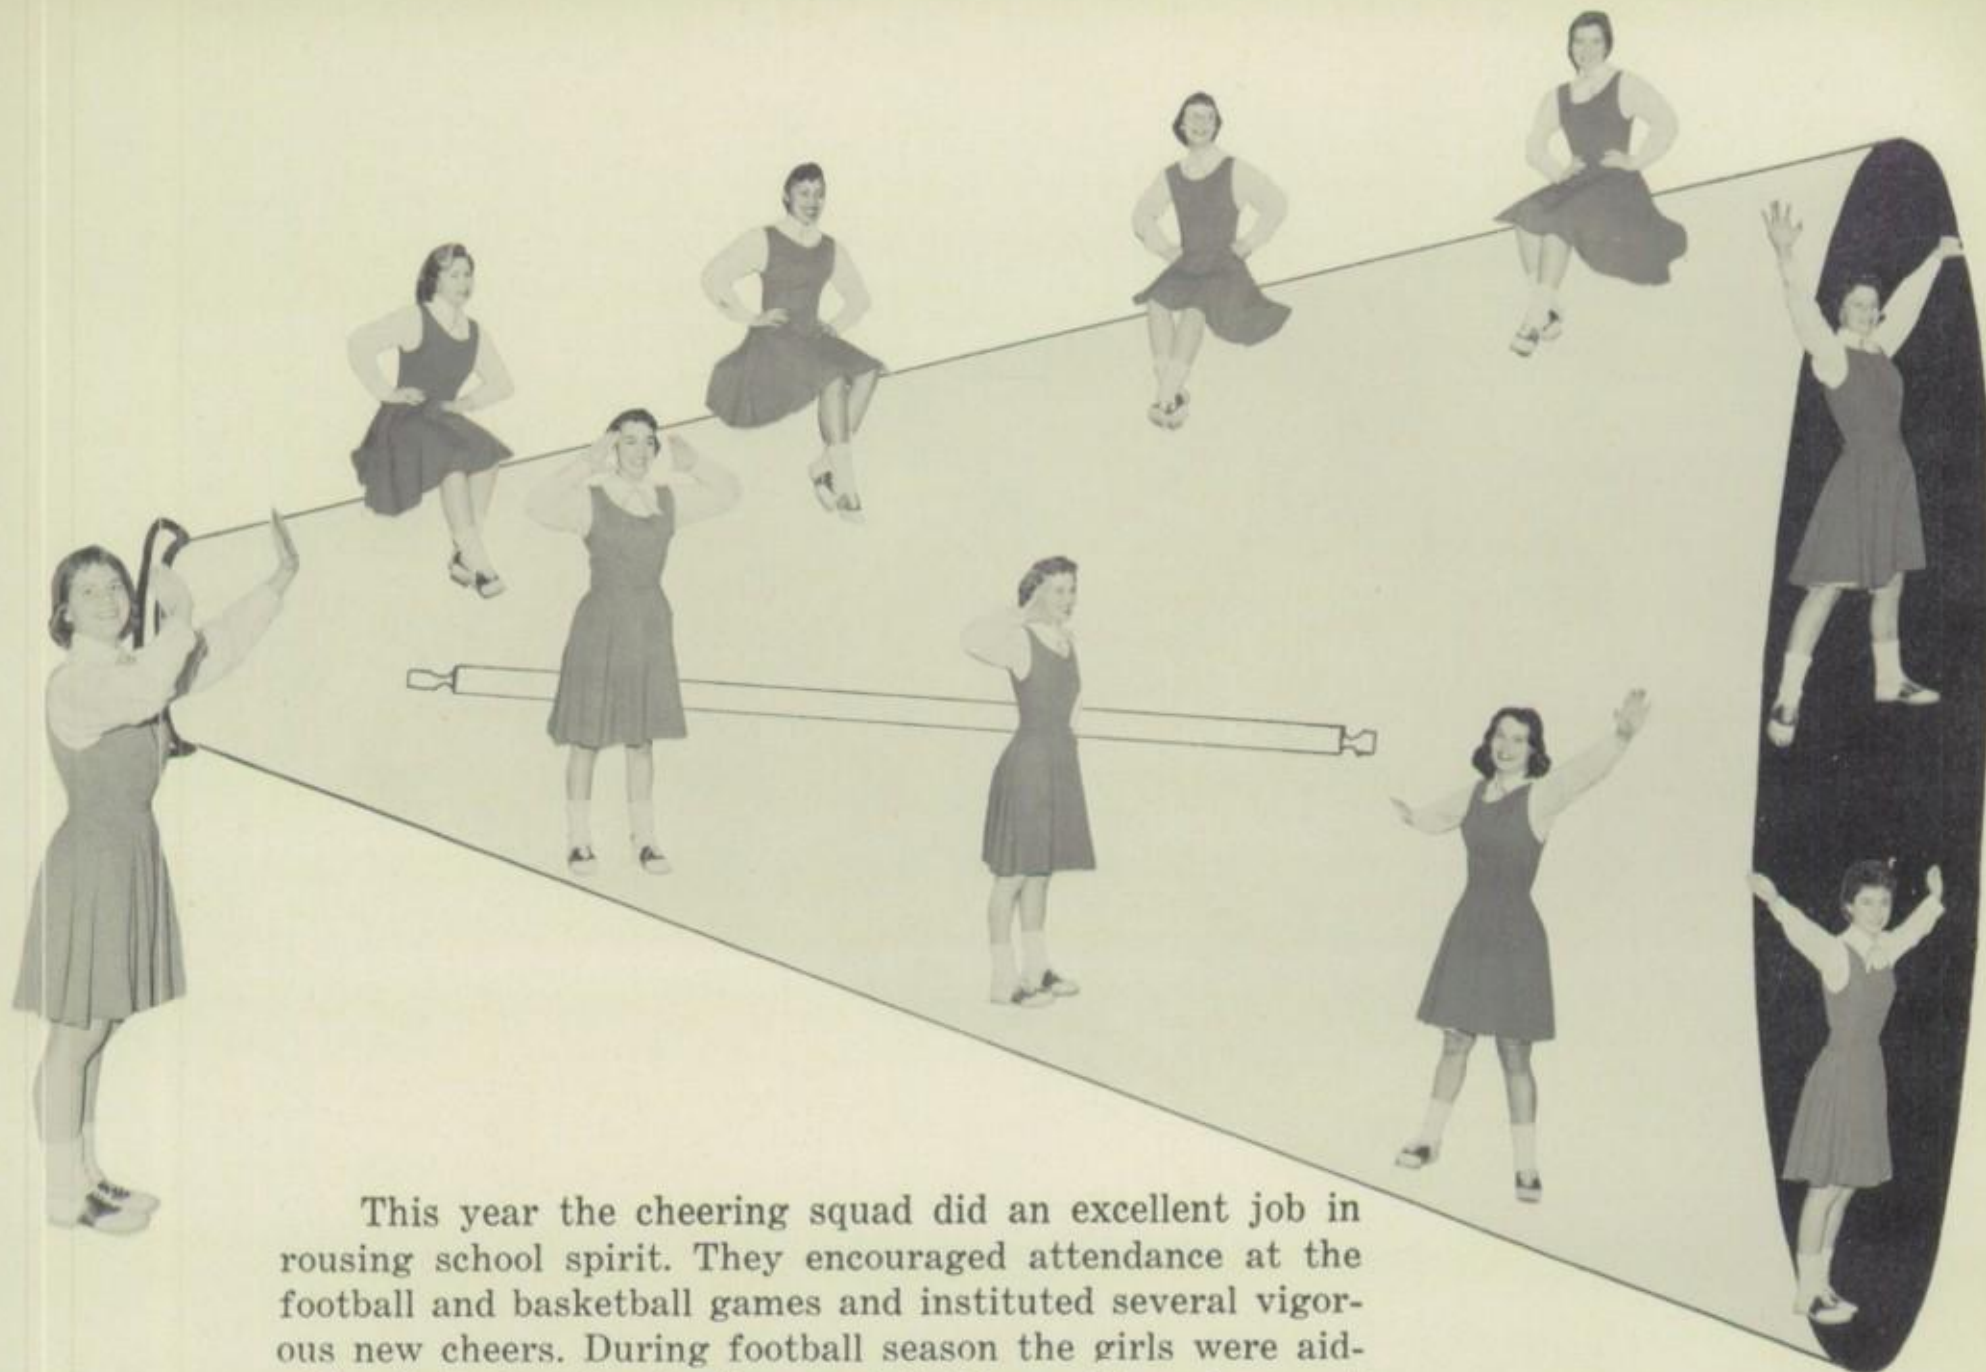

TENNIS

This year's tennis team will have four returning lettermen led by the Gilson brothers, Tom and Bill, Mike Bazaral, and Jim Thomas. Although Coach Bunting will miss graduated veterans Terry Bentley and John Hinebauch the prospects for another winning season are bright. Along with the Gilson brothers, newcomer Rodger Twitchell should provide a stiff punch in the singles, while Bazaral, Thomas, Bob Durgan, and Joel Bernstein will probably handle the doubles. The team will again compete in the county and state meet.

Row One: B. Gilson, T. Gilson, captain; S. Bunting, coach; J. Thomas. Row Two: M. Bazaral, J. Bernstein, J. MacNamara. Absent: R. Durgan, R. Twitchell.

This year the cheering squad did an excellent job in rousing school spirit. They encouraged attendance at the football and basketball games and instituted several vigorous new cheers. During football season the girls were aided in their cheering by three spirited boys. Many hours of practice under the supervision of Miss Marion Taylor lay behind the squad's success.

TWIRLERS

Led by their captain, Linda Mayne, the twirling squad marched down the gridiron at every game. As a result of early morning and after school practices, the girls displayed a different marching routine for each game. Linda devised these herself and then taught them to the squad. For the first time a drum marjorette, Judy Johnson, who led the band and performed new and unusual half time routines, enhanced the dramatic quality of the games. Specialties of the season were the Can-Can and Zorro routines with flag batons and the pep rally at which Judy twirled with fire, while the rest of the the squad twirled with lighted batons.

MUSIC

CHOIR

At W.H.S. the early bird is usually the choir member who walks around in a fog for lack of sleep. We have come to hold the endless succession of early morning rehearsals, along with the late afternoon ones, as close to our hearts as the majestic "Hallelujah Chorus", the final strains of the tearprovok-

ing "Battle Hymn", the embarrassment of candles that will not light, and Mrs. Gleason's subtle humor. We now look back over our past years in the choir, and with nostalgic memories we move on with the knowledge of accomplishment.

THE T H I R T E E N

BAND

W.H.S. actually has two bands, the marching band and the concert band. Membership and position in each of these organizations are determined by try-outs. The marching band did much this year to add to the spirit of our football games and pep assemblies through music and intricate marching steps

and formations. Other activities included marching in the Halloween Parade, the Santa Claus Parade, and the Memorial Day Parade. The Annual Winter Concert and the Spring "Pops" Concert were highlights of the activities of the concert band.

SWING BAND

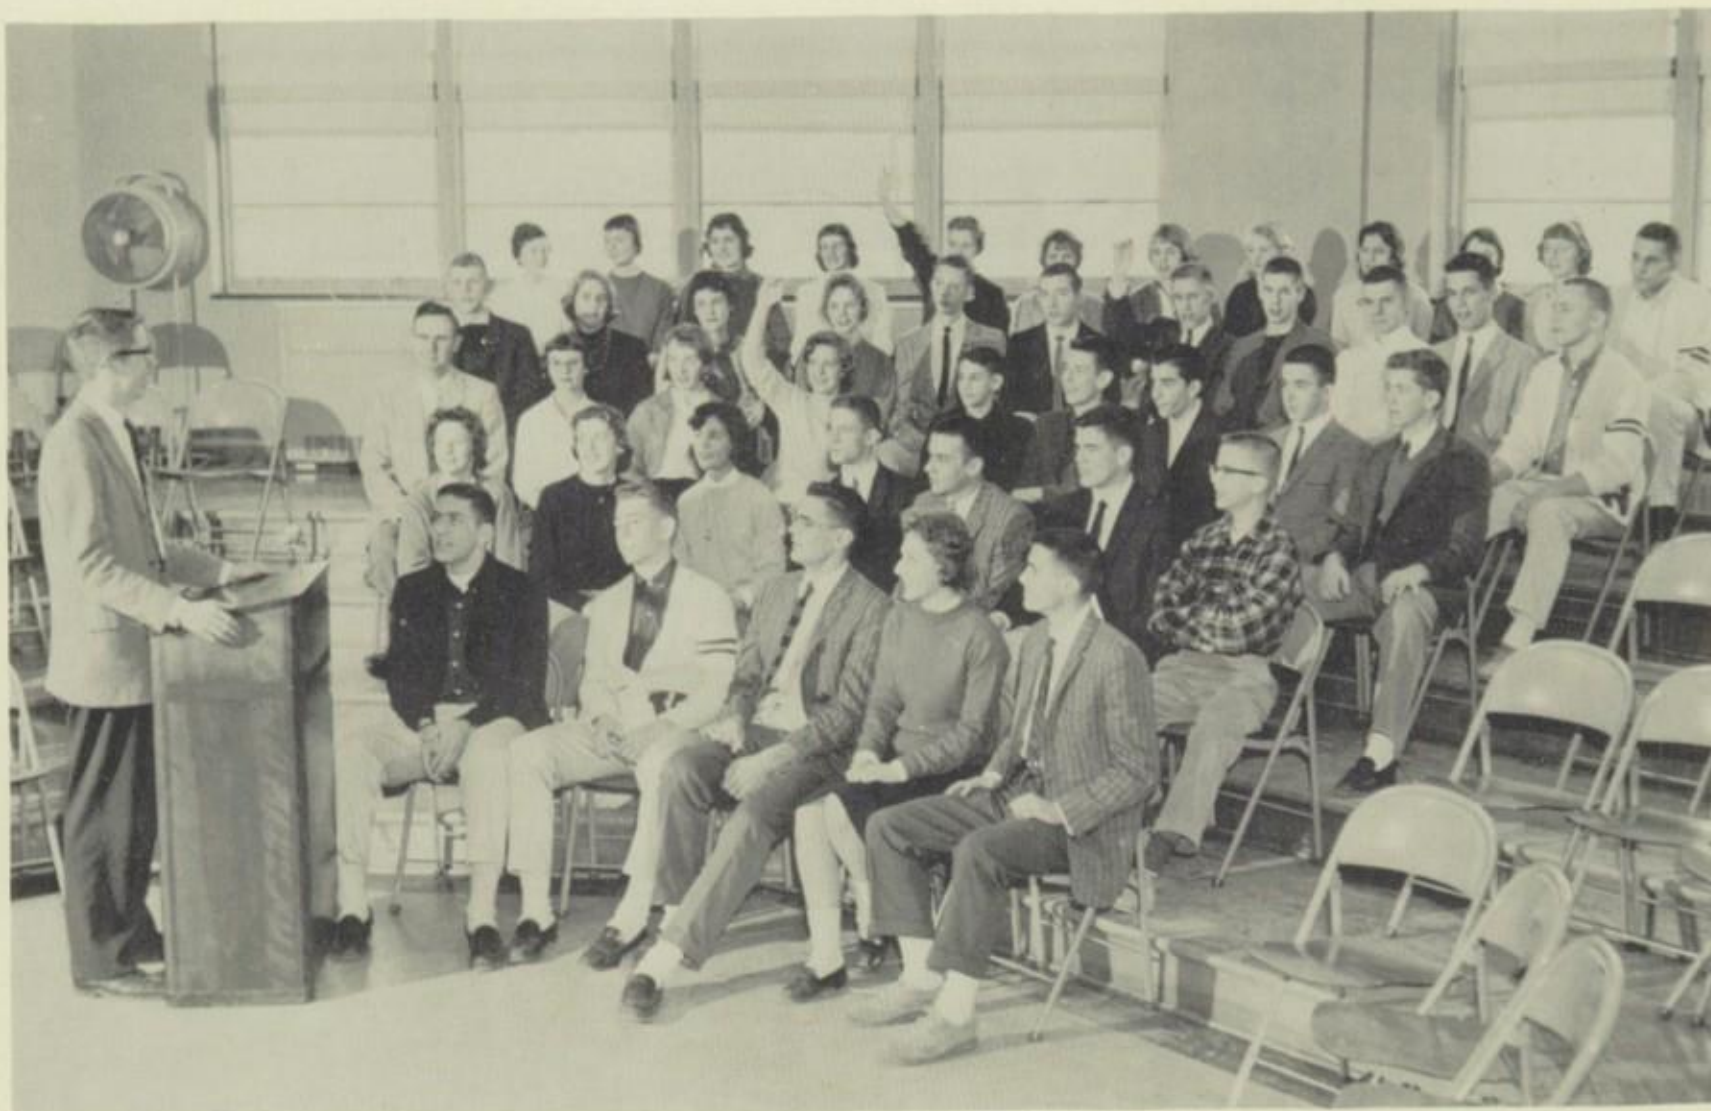

The Swing Band is a new group which was organized last fall by Mr. Robert Banks. It is open to boys whose interest is in jazz and whose playing abilities are above average. The Swing Band made its debut in providing the music for the Senior Play.

STUDENT COUNCIL

Our Westfield High Student Council is the most active organization in the school. The meetings consist of discussions and debates on matters which pertain to situations of importance. These may include anything from determining how to stop "cut-ins" in the lunch line, to arranging an exchange assembly program with a neighboring school. This year's biggest project was the formulating of plans which will permit an ex-

change student to spend next year at W.H.S. The Student Council also sponsors two of the most widely attended school dances, the Kick Off Dance and the Mid-Winter Ball.

The Council represents the entire student body and strives to make this "home away from home" the best possible functioning organization.

NATIONAL HONOR SOCIETY

The National Honor Society is designed to give recognition to junior and senior students who have achieved positions of high standing in their class in service, scholarship, leadership, and character. Students must receive passing grades on all examinations, must have been members of their class for one year, and must be in the upper twenty per cent of their class. Membership may not exceed ten per cent of the class.

New members are selected by the faculty

each spring and are formally inducted at a special assembly program. Later a tea is held for parents and faculty members, preceded by a repetition of the induction ceremony. Several members usually entertain the guests with musical selections. Each year the National Honor Society awards two cash prizes to the two graduates whose class standing has increased the most from their sophomore to their senior year.

THE YEARBOOK STAFF

The yearbook staff was chosen with the purpose of having a different and better yearbook for the class of '59. Work on this year's book was begun in September and was finished in the first week of April. This year we omitted some of the features that have become trite and outdated and replaced them with new, and we hope, better features. We hope that the hours we worked on our new approach to the yearbook were well spent, and that you will enjoy our yearbook as much as we enjoyed working to bring it to you.

WEATHER VANE MAGAZINE

As the yearbook goes to press, the staff of the Weather Vane Magazine is busily at work on the first mimeographed issue of its thirty-seven year career. The new medium is necessitated by the high cost of printing and paper. If this first venture is a success, the staff plans to publish two issues next year.

A large, enthusiastic art staff will help make the publication attractive. Richard Whitmore, editor-in-chief, and Carol Diamondstein, his assistant, are working hard to unearth new literary talent. Models of the best mimeographed school magazines in the country are being studied. The project, according to the advisers, will provide work for every staff member.

THE FORUM CLUB

The Forum Club, open to members of all classes, gives those interested in public speaking and debate an opportunity to express their views on world affairs of the day. Each month at the meeting, a lively discussion takes place covering the pros and cons of topics of current interest and importance.

In addition to its regular meetings, the club participates in other programs. Each year the Forum Club in WHS takes part in the Union County Forum. Several delegates are sent to speak and others in the club are invited to attend, and observe.

Informal discussions give all an opportunity to enjoy the Forum Club. Those joining gain invaluable experience in leadership and debating.

The Writers' Club, composed of ten independent souls who write what they please when they please, meets on club days in the pleasant and comfortable living room of the apartment. There they listen to poems, short stories, humorous essays, and sketches written by the members and sympathetically commented upon by the group. Occasionally the writers sip cocoa and nibble cookies provided by the refreshment committee and the adviser.

In March the group had as guests Miss Lenard and Miss Kostych, practice teachers from Montclair State College, and devoted the meeting to reading original cinquains. Before the year ends the group hopes to enjoy First Impressions, the musical based upon Jane Austen's novel, Pride and Prejudice.

THE HI'S EYE

The Hi's Eye, our student newspaper, is put out by the Journalism II and III class. Funds for approximately ten issues come from S. A. T., the refreshment stand, and advertisements. Purchase of an S. A. T. entitles students to copies of the paper. Single copies are fifteen cents.

ADVANCED BRIDGE CLUB

This year the Bridge Club was divided into two sections, one in which instruction was given to the members and another in which they learned by actual play. During the year, under the direction of Miss Ciesla, the members acquired new skills and a greater appreciation of the game by playing with people of their own age and occasionally changing partners to observe others' techniques. The members did not elect officers or conduct business; the entire club period was devoted to bridge.

LIBRARY COUNCIL

Members of the Library Council give at least one period each week to the many and varied tasks of running the library. Helping at the desk, shelving books, filing magazines, arranging displays, and checking new books, all give the member a familiarity with the library which definitely benefits his school work, makes for a smooth running library, and often leads to part-time library jobs in college. The Council is a charter member of the New Jersey School Library Association.

Social events are an important part of the program. Especially interesting are exchange meetings with other schools and an annual trip to a place of interest to the club.

During the meetings the members held stimulating discussions on a wide range of subjects, such as Dante's *Inferno*, Pasternak's *Doctor Zhivago*, and satire which included *Main Street*, 1984, *Gulliver's Travels*, and *Animal Farm*. With its interesting and varied program, the club gives its member an introduction to the numerous fields in modern chemistry. DIE RASSELBANDE

The German Club offers a wide variety of activities with an accent on German culture. During this school year the members have spoken German as much as possible in the procedure of the business meetings, as well as in the planned program. German games, folk-dances, films, and playlets have been among the main activities of the meetings. A highlight of the year's program was a trip to New York for a tour of a museum, lunch in a German restaurant, and a German moving picture. An interesting and rewarding project in which many members participated was the correspondence with students in Germany.

QUARTIER LATIN

Deriving its name, "Quartier Latin", from the famous students' quarter in Paris, the Westfield High School French Club has almost 60 members and is one of the most active clubs in the school. The meetings, which are conducted completely in French, have included a French play, songs, games, and a talk by Mrs. Eleanor Young, the club adviser, on her trip to France. The two main projects held this year were the bake sale at the National on February 7 and the Mardi Gras held on February the twenty-first in the high school cafeteria. The Mardi Gras included a French dinner, dancing, entertainment, and the coronation of a king and queen. More than 110 students and faculty guests attended.

LATIN CLUB

The purpose of the Latin Club is to increase its members' knowledge and enjoyment of Latin as well as their understanding of the customs of the Roman people. Therefore when the members of the Latin Club meet, they know that they are going to have an enjoyable time playing games and entering contests. This year the club, under the direction of Mrs. Winkvist, gave skits, read parodies, and learned songs in the classical language.

For all students who enjoy acting or working backstage in a play pro-duction, the Mask and Mime Club offers a wonderful opportunity. This year's club produced "Turn Back the Clock" for their fall play and "End of the Rainbow" for their one act play. The club members helped backstage for the Music Festival and the Fashion Show and they also combined with the choir in presenting the Christmas tableaux, with various members participating in the scenes. The members took a trip into New York City to see the Broadway play, "The Majority of One," for their annual trip. Much of the success of this year's club was due to the enthusiasm of their new adviser, Miss Beech.

MASK AND MIME COUNCIL

For an organization as large as the Mask and Mime Club it is necessary to have a smaller group to govern the club. Therefore the council was set up to consist of the four officers, the committee chairmen, and their alternates. The main job of the council is to plan the agenda for the club meetings and also to plan club activities. The Council chooses the fall play and the one-act play, sets up the slate of candidates for each of the four officers before the club votes, picks the committee chairman, and discusses any problems which arise concerning the club. This group also reviews the constitution and votes upon amendments.

FASHION CLUB

The Fashion Club, newly formed this year, drew the attention of many girls. Its club program consisted mainly of guest speakers presenting subjects such as cosmetics, hair styling and modeling.

The members went on a trip to New York to see a fashion show. The club's main project, however, was its assistance in presenting the annual Fashion Show given by the girls in the Clothing Department.

"A Day in the Park" was the theme of the 1958 Fashion Show directed by Joan Grant and Betty Davitt. A yearly event such as this enables the girls of the department to display some of the things they have made throughout the year.

GIRLS' FASHION SHOW

Each spring the girls in home economics sewing classes put on a fashion show where they model the outfits which they have made. There is a great deal of work behind this show: the girls write their own scripts, make scenery, and practice modeling. All the girls in the school are then invited to see the show. The entire show reflects the selfless work of its originator, Mrs. Louise Kosak.

THE ART CLUB

The membership of the Art Club is limited because of lack of space and is based on a first-come, first-serve basis. During club periods, the members hear lectures given by local authorities representing diverse phases of art. This year lectures on cartooning, oil painting, and Christmas decorations have been given. The lectures were accompanied by demonstrations and question-and-answer periods.

In addition to hearing lectures, the members themselves participate actively during some club periods in competitive art games. In the spring of each year the Art Club members plan a field trip which usually includes a visit to an exhibit.

SOCIAL DANCE CLUB

The Dance Club, under the direction of Miss Taylor and Mr. Recchia, aims to improve everyone's dancing. This year the club, which meets during club periods in the gym, was instructed in dance technique by local dance instructors. The club has successfully learned the Cha-Cha, the Polka, and the Waltz; and at some meetings the members put into practice what they had learned. A club with a large membership, the Social Dance Club welcomes anyone who has an interest in dancing.

HI-FI CLUB

Newly formed this year, the Hi-Fi Club is advised by Mr. Michaels. The main objective of the club is to further the interest in sound reproduction in the school and help the beginner to learn the principles of this, the nation's second largest hobby. With the aid of trips, discussions, and demonstrations, the members are taught the complexities of frequency and modulation.

Members of the Technician's Club play an important part in carrying out dramatic, assembly, and classroom activities. They learn to operate the motion picture projectors, tape recorders, phonographs, and slide projectors. In the classrooms they distribute and set up visual aid materials of all types. Some of the boys are instructed in the operating of stage lighting. The boys prepare the lighting for all school productions, assemblies in the auditorium, and many of the outside programs. The capable advisor of the club is Mr. John Thompson.

JOB OPPORTUNITIES CLUB

The purpose of the Job Opportunities Club is to help girls decide what field to enter or what school to attend after graduation. The Club's activities have included trips to New York to visit the Tobe-Coburn School for Fashion Careers, the Latin American Institute, and the Mandel Medical School for laboratory technicians. The girls also went to Overlook Hospital to learn more about the work of practical nurses. During the club periods the group heard a speaker from Merck and Company who discussed opportunities for typists, stenographers, and secretaries and a representative of the WAAF who described life in the armed forces. The interesting program reflected the adviser's keen interest.

GIRLS' AUTO CLUB

The Girls' Auto Club provides mechanically inclined girls with all the knowledge of cars that boys usually acquire. Under Mr. Dello Russo's expert guidance they have mastered the mysteries of carburetors, spark plugs, differentials, shift sticks, et cetera. Changing a tire was a club activity that made the girls look like a group of grease monkeys. Films devoted to the subject of safety and others that taught recognition of the different parts of a car proved popular.

The girls found that their club-class dealing with the inner workings of the cars they drive was very interesting and know that they will be less dependent upon mere man in the future.

STAMP CLUB

This club, founded in 1958, deals with the promotion of the educational, as well as the pleasurable aspects, of this many-faceted hobby. Each year exhibitions and trips are planned under the supervision of the adviser, Mr. Duncan, to enlarge our vision, broaden our knowledge, and in many ways enrich our lives. Membership is open to all interested students.

COLLECTORS' CLUB

Organized more than thirty years ago, the Collectors' Club is one of the oldest in the school and one of the most interesting. It was originated by our vice-principal, Mr. Harold Thompson, himself an ardent collector of Indian relics. This group not only has a membership in a high school club, but also has an organization which has a foothold on the future. Each member is given an opportunity of displaying his collections at club meetings and explaining why and how these treasures were found. This club offers great opportunities for increasing the development of hobbies which will be pursued through the years.

SLIDE RULE CLUB

Under the guidance of Miss Dama Hill, the Slide Rule Club introduces the use of the slide rule to beginners and expands the knowledge and skills of those already acquainted with the fundamentals. Usually the meeting consists of lectures and demonstrations; occasionally these are supplemented by films. Although the slide rule will be of greatest use to the future engineer, the members profit from the club in all mathematical and scientific courses offered here in high school.

During the year the members visited Bell Laboratories and went to New York City twice. The girls heard two interesting talks, one by a representative from the Women's Air Force and the other by a speaker from Esso Research.

The club is open to all girls in the Business Education Department and meets during the regular club period.

Many opportunities are provided to learn more about the teaching profession and to secure professional information through first hand contacts with the field of teaching. Members hear speakers, see films, and participate in panel discussions and pertinent problems. This year the club also visited Newark State Teachers College, Union, New Jersey, and in March a day was spent in the elementary and junior high schools of Westfield.
